JET H-JOINT ASSEMBLY

These 1310 or 1350 series H-Joints have a 1-3/8" 10-spline stub shaft which fit the Berkeley, Jacuzzi and Bay Jet units.

Drive Line Series	Catalog No.	Item No.
1310 - 7-7/16" Long	33744	844
1350 - 8" Long	33743	843

SHORT TORQUE TUBE

Identical to our custom torque tube assemblies below. The running position length is 10 1/2".

Drive Line Series	Catalog No.	Item No.
1310	33701	834
1350	33705	835

Also available in 13" length:

1350	33713	836
------	-------	-----

H-JOINT ASSEMBLY

These 1310 H-Joints offer the shortest possible U-Joint assemblies. Only 5 1/2" long.

Drive Line Series	Catalog No.	Item No.
1310	33751	846

CUSTOM TORQUE TUBE ASSEMBLIES

These are the finest Spicer Tube and U-Joint Assemblies offered in the marine industry. The choice of leading builders of V-drive boats, included in these assemblies are two U-Joints, Spline and Tube. Sizing to your requirements is available. Give dimensions from flange face at engine to flange face at V-drive.
